

SINALOA TROOPS
ENTER SONORA

Eight Thousand Are Mobilized to Attack Maytorena; Bandit Takes Town.

Douglas, Ariz., Sept. 25.—Gen. Ramon F. Huelmo, a brigadier under Gen. Obregon, is reported to be mobilizing his troops at San Blas, Sinaloa. He is said by Carranza representatives to be raising from 1000 to 2000 men to march against Gen. Maytorena in Sonora.

Advices received in Agua Prieta stated that Gen. Huelmo, a bandit, had captured the town of Sahuaripa, 150 miles south in the name of Villa. Garcia first supported Diaz, then switched to other allegiances during the progress of the various revolts in Mexico and his exploit at Sahuaripa is deemed nothing more than a bandit raid.

Carranza adherents expressed satisfaction today upon learning that the Villa army of 5000 men under Gen. Angeles had been halted on his march to Sonora.

Gen. Gil commanding the Carranza forces against Maytorena is moving, it is being rapidly weakened by desertions. It was reported today, however, that his men had come to the border. Gil himself is at Cananea, while the main body of his troops is at Santa Barbara, 17 miles east of Nogales.

What Thin Folks Should
Do To Gain Weight

Physician's Advice For Thin, Underdeveloped
Men and Women.

Thousands of people suffer from excessive
thinness, weak nerves and feeble stomachs.
Food-fads, physical culture stunts and ration
cranks, resign themselves to life-long
skinnyness and think nothing will make
them fat. Yet their case is not hopeless.
A recently discovered regenerative force
makes fat grow after years of thinness, and
is also unequalled for repairing the waste
of sickness or faulty dieting, and for
strengthening the nerves. This remarkable
discovery is called Grape-Nuts. Six stomach-
driving, fat-producing elements of unacknowl-
edged merit have been combined in this
cereals preparation, which is endorsed by
eminent physicians and used by prominent
people everywhere. It is absolutely harm-
less, inexpensive and efficient.
A month's systematic use of Grape-Nuts
produces flesh and strength by correcting
faults of digestion and by supplying highly
concentrated nourishment from the food eaten,
and the additional fact that this people food
is provided in a form that is easily digested,
druggists supply it and say it is a
large demand for it.

While this new preparation has given
splendid results as a nerve-tonic and vital-
izer, it should not be used by nervous people
unless they wish to gain at least ten pounds
of flesh.—Advertisement.

MAYTORENA
RENOUNCES CHIEF

Villa and Carranza Deal in
Heated Exchanges; Then
Villa Renounces Chief.

Washington, D. C., Sept. 25.—An ex-
change of heated telegrams between
Venustiano Carranza and Gen. Fran-
cisco Villa occurred before Villa finally
denounced his chief and declared
himself in revolt. These were made pub-
lic Thursday night by Rafael Zubaran
Carranza, head of the local Constitu-
tionalist agency, with the statement
that he hoped the conflict could be
settled, because there was no real reason
for its existence.

"It is apparent," he said, "from the
text of the following telegrams ex-
changed between Carranza and Villa
that the latter had no real grounds for
his position and that a peaceful ar-
rangement between them will be found."
"Mexico City, Sept. 25, 1914.

"Rafael Zubaran, Washington, D. C.
"I transmit you herewith informa-
tion obtained by me in a telegraphic
conference with P. J. Obregon. When
Obregon arrived in Chihuahua, Villa was
angry because Gil's troops had not left
Sonora, and he asked Obregon to leave
the province immediately.

"Obregon replied that he would not
do this unless Villa ordered Mayto-
rena to be placed under the com-
mand of Gen. Cabral. This Villa re-
fused to do.

"When Obregon remained firm in
his stand, Villa became infuriated and
ordered a guard to take Obregon out
of his room. Obregon feared that Villa
would take it if it was necessary for
him to give up his life to obtain the
pardon of his country. Obregon's secretary
cried out to Villa: 'How can you
shoot a disarmed guest?'

"Villa then ordered his entourage
to take place.
"Obregon is to be kept in Chihuahua
until Gil leaves Sonora with his troops.
If Gil checks Maytorena, Obregon will
be shot. Julio Madero carries the or-
der for the withdrawal of Gil's forces.
Compliance with it is the only way
that the life of Obregon can be saved.
(Signed) 'V. Carranza.'

"Following the receipt of this intel-
ligence Carranza ordered the closing
of the railroads north of Agua Prieta.
When Villa was informed of this
move he sent the following telegram
to Carranza: 'Mexico City, Sept. 25, 1914.

"I have just been informed that
following order from headquarters the
railroad traffic north of Agua Prieta
has been discontinued. This order is
an act which shows hostility
against the army of the north, and is
absolutely unjustifiable and one for
which I can find no reason. I am re-
questing you to give me an immediate
explanation of this matter so I may
know how to act. The states and cities
through which the railroad passes will
suffer considerable damage by the or-
der. It is necessary to remedy this
condition as soon as possible. I am
awaiting your immediate reply."
(Signed) 'Francisco Villa.'

"To this communication Carranza
replied as follows: 'Mexico City, Mex., Sept. 25, 1914.
"I have just received your message
which I have just received. I desire an
explanation of your conduct towards
Gen. Obregon in Chihuahua."
(Signed) 'V. Carranza.'

"Obregon Agents Detained.
"Villa sent the following reply to
this request: 'Chihuahua, Mex., Sept. 25, 1914.
"In answer to your message I her-
ewith inform you that Gen. Obregon and
other generals of this division left
last night for the capital with the pur-
pose of taking up important matters in
connection with the general situation
of the republic. But in view of the
course you have taken, which shows
an avowed desire to place obstacles in
the way of reaching a satisfactory ar-
rangement at all difficulties and to
hinder the attainment of the peace we
all so much desire, I have given orders
for them to discontinue their trip and
to halt at Terreon.

"Consequently I inform you that
this division will not take part in the
convention which you have called and
I also inform you that the division of
the north no longer recognizes you as
the first chief of the republic. You are
at liberty to pursue any course that
may please you."
(Signed) 'Francisco Villa.'

**MAYTORENA PROCLAIMS HIS
ALLEGIANCE TO VILLA**
Nogales, Son., Mex., Sept. 25.—Gov-
ernor Maytorena, of Sonora, defied
Carranza and announced his allegiance
to Villa in a proclamation issued
Thursday. Maytorena justified the ac-
tion of Villa by recounting the many
efforts he said Villa had made to ob-
tain from Carranza a definite expres-
sion of his attitude on land and other
questions vital to the citizens of Mex-
ico.

He says that Carranza has invariably
given "various promises as to his inten-
tions" and that "Carranza's secret
since assuming office has consisted in
granting favors to favored favorites."
He charged that Carranza seeks the
election of a congress of his own
choosing and that "by pretending that
the office of the first chief and of pro-
visional president are distinct political
conditions, he will not be prevented
from entering the race for president
when the elections are called."
In addition to his statement of posi-
tion from the official head of the
state government there have been
other warlike proclamations by May-
torena in which Carranza is termed
"his supreme whisker," and otherwise
described.

FEDERAL LEADER SEVERS
LINES WEST OF VERACRUZ

Veracruz, Mex., Sept. 25.—A force of
men under Gen. Hipolito Aguilar, an old
federal commander, has severed tele-
graph, telephone and one railroad line
linking Veracruz with the capital. The
railroad was torn out near Esperanza,
about 120 miles west of Veracruz.
Thursday. Aguilar is preparing for
hostile engagements with the Constitu-
tionalists.

TELEGRAMS TO MEXICO
TAKEN SUBJECT TO DELAY

Telegrams to northern Mexico are
now being accepted by the Western
Union Telegraph company subject to
indefinite delay. This order was issued
Friday and applies to all commercial
business in the zone controlled by Villa.
Military messages are given as the reason
for the order.

**LETTERS FROM MEXICO MUST
STILL BEAR FEDERAL STAMPS**
Due to the split between Villa and
Carranza, it is expected that action
will be postponed indefinitely by the
postoffice department on the request
that Constitutional stamps be recog-
nized in this country. Arrangements
for the use of the stamps had been
nearly completed when the new split
came. All mail from Mexico still will
have to bear the old federal stamps, if
it is to be delivered in this country.

AMERICANS RETURNING FROM
SOUTH SAY CARRANZA GEN-
ERAL STILL HELD

(Continued From Page One.)

meet may be on the battlefield, Adios!
Villa's declaration of war against Carranza
came as a surprise to most
Villistas in Chihuahua. Americans re-
port, as it had been thought that all
differences had been settled and all
parties were to agree to the result of
the convention in Mexico City on the
first of October. However, men who
are close to Villa declare that a tele-
graphic war had been waged between
the two leaders ever since Carranza sent
troops against Zapata two weeks ago.
The latter replied that Zapata was will-
ing to lay down arms at his command,
severely criticized Carranza's action.
The latter replied that Carranza was
the dictator of his own actions. Villa
let the matter drop there.

Villa Acts Villain
A few days later, receiving alarm-
ing reports of riots and disturbances
in Sonora, Villa ordered 4000 men to
that place under the command of Gen.
Jose Rodriguez. Without consulting
the first chief, Carranza upon hear-
ing of this sent the northern leader a
long, insulting message charging Villa
with insubordination and ordering him
to recall Rodriguez and his men at
once. The Americans were told that
Villa then held a long conference
with governor Avila, Gen. Madero,
Garcia, Benavides and Chao, and
before any action was taken by the meet-
ing, Carranza ordered Carranza to recall
Rodriguez and his men at once. The
Americans were told that Carranza
would not take action against
Carranza until after the result of the
convention in Mexico City became
known. This night Obregon left for
Mexico City.

The Camel's Back Broken.
Tuesday morning, however, another
message from Carranza to Obregon
at the Villa headquarters which threw
the northern leader into such a rage
that he immediately declared war
against the Carranza government. He
then gave an order that Obregon was
to be shot on the way and sent back
to Chihuahua under guard. What the
contents of Carranza's message was is
not yet known to the public at Chihua-
hua, but as Gen. Madero said to a re-
porter who was interviewing him:
"It was not an important message.
In fact, it was not much to it. It
was merely the straw that broke the
camel's back."

Says Obregon Held.
"I was sitting in the ante room of
Villa's quarters at Chihuahua Monday
afternoon when a squad of soldiers
under Obregon's orders placed Gen. Ob-
regon under arrest and escorted him
to the penitentiary," said another
American who arrived from Chihuahua
Thursday night.

"With a number of other persons I
was sitting in the ante room awaiting
a summons to see the chief. When
Obregon was brought before him, a
heated argument followed, the soldiers
seized Obregon and escorted him to
the penitentiary, where he is now be-
lieved to be held.

"Everything seemed peaceful between
Villa and Obregon Monday morning.
Obregon with his staff left Chihuahua
for Mexico City, and when they had
been gone about three hours, Villa or-
dered them brought back. What took
place in the meantime to cause his
change in attitude I don't know. But
Villa was very angry when Obregon
was brought before him."

Says Obregon Imprisoned.
Others arriving from Chihuahua
Thursday night said that Gen. Obregon
still was a prisoner in the penal in-
stitution, threatened with execution
unless Carranza's troops withdraw
from the state of Sonora. They said
that territory under the absolute
control of Maytorena. All other Car-
ranza sympathizers have been thrown
into prison, the arrivals said, and
Villa is arranging to move his army of
25,000 well armed men on Mexico City.
The train from Terreon did not
reach Juarez until 11:20 Thursday
night, being delayed by a freight
train. The passengers did not seem to
be in any hurry to leave. It left Chihua-
hua Tuesday night with nearly 100
Americans aboard. One of the arrivals
made the following statement to a Her-
ald reporter:

"Chihuahua is throbbing with excite-
ment as the result of the new revo-
lution born several days ago, when
Villa threw Obregon in the peniten-
tiary and defied Carranza. Villa told
Obregon that unless he complied with
Benjamin Gil to lay down his arms he
would execute him. This is alleged to
have brought about heated argu-
ment between Villa and Obregon
which terminated in Villa ordering the
Carranza general arrested. Villa then
threatened to execute Obregon and sent
a squad of soldiers to the prison to
shoot him when Rafael Madero and Ob-
regon's secretary induced Villa to change
his mind, and the execution was pre-
vented.

Many in Jail.
"There were many Carranza sym-
pathizers in Chihuahua and these Villa
had placed under arrest. His recruiting
offices are open day and night and
scores of men are being recruited into
his army. Villa now has approximately
25,000 well equipped fighting men un-
der arms. He is arranging to entrain
his men for the south and it is reported
in Chihuahua that he will move on
Mexico City and attempt to wrest con-
trol of the capital from Carranza.
The railroad tracks south of Agua-
prieta have been torn up according to
information reaching Chihuahua.
This is taken as an indication that Car-
ranza is expecting Villa to move his
men south and has taken steps to pre-
vent it."

SICK DOCTOR
Proper Food Put Him Right

The food experience of a physician
in his own case when worn out and
weak from sickness and when need-
ing enrichment the worst way, is
valuable:

"An attack of grip, so severe it
came near making an end of me, left
my stomach in such condition I could
not retain any ordinary food. I knew
of course that I must have food nour-
ishment or I could never recover."

"I began to take four teaspoonfuls
of Grape-Nuts and cream three times
a day and for 2 weeks this was almost
my only food. It tasted so delicious
that I enjoyed it immensely and my
stomach handled it perfectly from the
first mouthful. It was so nourishing
I was quickly back to normal health
and strength."

"Grape-Nuts is of great value as
food to sustain life during serious at-
tacks in which the stomach is so de-
pressed it cannot digest and assimilate
other foods."
"I am convinced that were Grape-
Nuts more widely used by physicians,
it would save many lives that are
otherwise lost from lack of nourish-
ment." Name given by Postum Co.,

CROSS CRODS
ELEGANT SHOW

Barnum and Bailey Offer
Gorgeous Spectacle and
Many New Acts

Fine clothes may not make a man,
but it helps to make a circus. Bar-
num & Bailey's show was costumed
like a musical comedy and worse spec-
tacles have been shown for 25 on their
stages than the one which opens
the performance of the Barnum shows.
This is called the "Wizard Prince of
Arabia." The wizard makes giant
slams grow out of the mud and arena
and is a perfectly satisfactory jour-
neyman wizard.

The ballet dancers in this spectacle
were the best drilled and best looking
set of girls who have ever appeared
here with a circus. They were per-
fectly trained and their dancing in
rich lux the costumes of the combined
band and callopo, with powerful arc
lights playing over them and their
bright colored costumes made a beau-
tiful picture.

Following the spectacle the entire
circus troupe paraded around the hip-
podrome track in Arabian costumes
led by the massed bands and with
each performer playing chords on a
chime, chimes, kong or drums. The
elephant appeared in this part of the
pageant wearing gorgeous trappings.

Continuous Vaudeville.
The performance of the circus troupe
on the stages was a continuous vaude-
ville show with a number of acts
which were well received in El Paso.
Miss Bird Millman's tango on the tight
wire was one of the biggest hits of
the show. She was as vivacious as a
good girl and her dancing was espe-
cially good and the horse and dog show
in the middle ring was another animal
act that was well received.

Band Was Fine.
The concert band is one of the big
features of the Barnum & Bailey
show. They played the opening
spectacle and with a perfectly tuned
callopo, played grand opera music for
the various acts. The band included
kettle drums, French horns and
wonderful music which with the
pressed air callopo, gave the music
such a volume that it carried to the
furthest end of the big tent.

The crowd filled the entire seating
space of the circus at each performance
and everyone seemed pleased with the
entertaining of the "greatest show on
earth."

U. S. TROOPS WILL
STAY AT VERACRUZ

what evacuated he would afford every
protection to all Americans and for-
eigners.

His headquarters at Chihuahua were
described as the scene of much anim-
osity. The feeling that a move-
ment of troops southward was in prospect.

American consul Canada reported the
impression in communications with
Mexico City and advised the keeping of
American forces in Veracruz until tele-
graph and railway lines were repaired and
the situation relieved of its unrest.

No Fighting in Sonora.
Reports from American consuls in
Sonora said no fighting was imminent,
though governor Maytorena has circu-
lated proclamations throughout the
state declaring it independent of Car-
ranza.

Telegrams to Villa Unanswered.
Mexico City, Mex., Sept. 25.—Promi-
nent men believe there still remains
a chance to make peace between Car-
ranza and Villa before the breach be-
comes irreparable. Meanwhile the gen-
eral south of the border has been in-
formed of the controversy. There has
been, however, been no response to
telegrams sent by influential Mex-
icans to Villa begging him to make
peace.

Discussion in official circles indicates
a belief that Villa's action might afford
a reason for continued American occu-
pation of Veracruz.

Villalaz Appeals to Villa.
Antonio Villalaz, governor of the
state of Nuevo Leon, who has just left
here for Monterrey, telegraphed to Villa
before starting for that city.

"Let us not draw the ideals of the
revolution in human blood, nor foment
irreparable division through discord.
Let us pacify the country and return to
reason."

GEN. GIL MAY LEAVE
Naco, Sonora, Mex., Sept. 25.—Gen.
Benjamin Gil, commanding the Carranza
forces in Sonora, sent all his per-
sonal property here Thursday night, in-
cluding a train of automobiles from
Cananea. Mexicans here believe he
will follow, drawing in his train from
Cananea and Santa Barbara a gov-
ernor Maytorena advances if he
makes good at all. It is believed it
will be here.

EAGER FRIENDS

Asks New Jersey Democrats
Not to Endorse Him for
Second Term.

Washington, D. C., Sept. 25.—At the
direction of president Wilson, secretary
Tumulty today wrote a letter to New
Jersey Democrats, desiring to have
them endorse the president for a second
term.

Appreciates Friendliness.
"You were generous enough to con-
sult me as to whether the Democrats of
New Jersey should at this time endorse
the president for a second term. I had
a talk with the president about it and
he deeply appreciated the generosity
of the suggestion; but New Jersey is
his home state. The men who would
act in this matter are his own personal
friends, and he feels that it might seem
as if he were taking advantage of the
extraordinary situation now existing to
gain some personal advantage through
such an expression of confidence by
them."

Would Embarrass Him.
"This would be inconsistent with his
whole thought and spirit, and he
shrinks from it as from something that
would embarrass him rather than help
him."

"He feels confident that you will
know the spirit in which he says this
—that in urging the Democrats of New
Jersey not to do this, he is not aban-
doning in the least his deep appreciation."

KASTER'S CAR
STOLEN AT SHOW

J. J. Kaster had his Studebaker 35
touring car stolen from the circus
grounds Thursday afternoon while he
was attending the matinee perfor-
mance. He parked his automobile in a
vacant lot between Myrtle avenue and
El Paso street, where there were more
than 200 cars left by their owners for
the afternoon show.

When Mr. Kaster returned for his
automobile he found it missing and he
has been unable to find it. The car is a
five passenger touring car with a
black and silver finish. It was valued
at \$1,500. He thinks that the car was stolen by
a person who drove it away for a
ride Thursday evening.

Among those things which all women
should know of, and many of them do,
is a splendid ex-

sold in most drug

name of "Mother's
Friend." It is a
penetrating liquid
and many and many
a mother tells how
it so wonderfully
added them through
the period of expec-
tancy.

In chief purpose is to render the
tendons, ligaments and muscles so pliant
that nature's expansion may be accom-
plished without the intense strain so
often characteristic of the period of
expectancy.

At any rate it is reasonable to believe
that "Mother's Friend" has been a
companion to motherhood for more than
half a century no more timely advice
could be given the inexperienced mother
than to suggest its daily use during ex-
pectancy.

Ask at any drug store for "Mother's
Friend," a penetrating, external liquid
of great help and value. And write to
Erastus Regulator Co., 262 Lamar Bldg.,
Atlanta, Ga., for their book of useful
and timely information to expectant
mothers. It contains many suggestions
that are of interest to all women.

During the last few years there has
been a revival of the old songs. The

among its readers for "Songs That

distributed on the popular coupon plan.
This book contains all the old favor-
ites, and readers are delighted to have
them. It is a rare collection, and the
large number of books distributed during
